Building Inspection Form

As a Customer Service initiative the Town of Caledon Regulatory Services and Inspection Division strives to conduct building inspections within 24 hours of receiving notification. Inspections requests received prior to **1:00 p.m**. will be booked for the next day, unless special instructions are received from the permit holder. Any inspection requests received after **1:00 p.m.** will be automatically booked for the second following day. The preferred method to book your inspection is via email, however fax and voice will be accepted.

The owner or a representative of the owner must be present during all mandatory inspections. If no person is present upon arrival of the inspector, then no inspection will be conducted and a new request will need to be initiated.

Date of inspection (MM/DD/YYYY):
