Sewer & Water

Water and sewer services are provided to the Town of Caledon by the Region of Peel. Water and sewer services are primarily available in the urban areas within Caledon. For installation and rate information, please contact the Region of Peel: 905-791-7800 or www.region.peel.on.ca

Telecommunications

The telecommunications infrastructure within the Greater Toronto Area (GTA) is the most important telecommunications hub in Canada, and features competitive local and long distance services, providing increased choice for consumers. The GTA's 416/647 and 905/289 area codes represent the largest local calling area in North America, keeping telephone communication costs competitive for businesses.
