# **EVACUATION**

Once the CCG has decided to evacuate an area affected by an emergency, the following agencies will be responsible for implementing the identified actions in order to facilitate the evacuation:

**CCG:**

- Direct activation of the evacuation process

**OPP:**

- Conduct actual evacuation of residents from the evacuation area including the establishment of evacuation routes
- Maintain law and order in the evacuation area.

**Peel Region Ambulance Service:**

- Liaise with the Region's Medical Officer of Health and assist with the organization and transportation of persons in health care facilities, homes for the aged, nursing and resting homes, invalids and disabled citizens

**Director of Public Works:**

- Coordinate the provision and use of all transportation resources in support of the evacuation

**Manager of Economic Development and Communications:**

- Upon approval of the Head of Council or Operations Officer, issue any public announcements, instructions or warnings on any evacuations or potential evacuations.
