Where Can I get More Information?

Material related to this project has been posted on the Town of Caledon website at the following link: <http://www.caledon.ca/townhall/departments/planningdevelopment/CBSES.asp>

Alternatively CD copies of the draft CBSES Part A, Part B and Part C Reports can be obtained from the Town of Caledon, the Coalition of Concerned Citizens or MHBC Planning Limited.

CBSESnEWS

COMPREHENSIVE BROADER SCALE ENVIRONMENTAL STUDY WINTER 2007

A Comprehensive Broader Scale Environmental Study ("CBSES" or the "Study") for Caledon Aggregate Resource Area 9-A, and functionally related lands, is being prepared to address the policies of the Town of Caledon Official Plan (see map on page 3). The Study is being completed by James Dick Construction Limited (JDCL) who have applied for a quarry license on a property known as the Rockfort Quarry lands, which is located within Caledon Aggregate Resource Area 9-A.

The Study is structured into three main parts: Part A: Ecosystem Characterization; Part B: Sensitivity Analysis; and, Part C: Implementation. The overall purpose of the Study is three-fold:

- To develop a science-based understanding of the natural environment within the resource area and "functionally connected" lands;
- To develop an understanding of how the environment might respond to changing land uses (i.e. new quarries);
- To develop policies and management strategies to prevent unacceptable environmental impacts and to guide site-specific applications.

In order to provide information to the public regarding the Study, and seek public input, the "Lead" agencies (Town of Caledon, Credit Valley Conservation and Region of Peel) and James Dick Construction Limited, have been jointly managing a public consultation program, with input from the Coalition of Concerned Citizens. A Public Information Forum was held on January 25, 2007 regarding the draft Part A Report, and an "Objectives Workshop" was held on February 27, 2007.

You are Invited

To the third and final CBSES Public Information Forum that is being held on

January 22, 2008
7:00 p.m. to 9:00 p.m.

Caledon Ski Club
17431 Mississauga Road

Door open at 6:30 p.m.

Presentations begin at 7:00 p.m.

Question & Answer Session
at 8:00 p.m.
