FOR IMMEDIATE RELEASE

August 16, 2010

Caledon Community Services is pleased to announce its Employment Services program has been selected by the Town of Caledon to operate the satellite Small Business Enterprise Centre (SBEC) in Caledon. Our commitment to the “business of employment” makes CCS a natural fit to offer satellite SBEC services in our growing community. The professional team in our Employment Services offers customers and clients access to a comprehensive business-focused skill set, providing resources in key business development areas: business ownership and planning, start-up documentation, management strategies, customer service, staffing, sales skills and various education and training opportunities.

As an existing business centre, we recognize the importance of following the core values of SBEC: Excellence in Customer Service, Human Resource Availability and Leading Edge Information. These values are particularly aligned with CCS’ own values: community leadership, customer and client-centered attention, integration across all programs and the expanded significance of voluntarism. Both sets of values promote entrepreneurship throughout Caledon. They support services and activities that reflect the strategic goals of the municipality, a strong climate for business development opportunities and the development of links amongst new start-up ventures within Caledon’s business community.

CCS was recently selected as the sole provider in Caledon to provide a full range of employment services as part of the Ministry of Training Colleges and University’s (MTCU) new delivery network. We will provide clients with a single enhanced point of access to employment services that are customer-focused, flexible and responsive to local community needs. SBEC Caledon is a welcome addition to CCS’ Employment Services programs.

Caledon Community Services (CCS) is a multi-service, community-impact organization that has addressed the employment, training, health, and social service needs of residents in the Municipality of Caledon and surrounding communities for almost 40 years.
