CALEDON CELEBRATES COMMUNITY COMPLEX RENOVATION

Ribbon cut – cheering begins! Mayor Marolyn Morrison (centre) and Dufferin-Caledon MP David Tilson, along with Sylvia Jones, MPP Dufferin-Caledon, Caledon Councillors, staff and contractors celebrate the opening of Caledon's first twin ice pad arena.

CALEDON, Ontario — The Town of Caledon held an official ceremony today to celebrate the grand opening of the newly expanded Caledon Community Complex. David Tilson, MP for Dufferin-Caledon, and Marolyn Morrison, Mayor of the Town of Caledon, are pleased to see this important project reach completion.

Work to complete the expansion of the Caledon Community Complex included the construction of a new 36,200 sq. ft. addition that holds a new ice pad, changing rooms, improved spectator viewing and public amenities. This new facility will also incorporate green technologies to increase the building's energy efficiency. The Government of Canada has committed up to \$7 million to this project through the Community Adjustment Fund in southern Ontario.

“Through Canada’s Economic Action Plan, our government is investing in local projects that create jobs and provide immediate economic stimulus to our community,” said MP Tilson. “This upgraded facility means that residents of Caledon and the greater community will have a place to gather and stay active for years to come.”

“This wonderful new facility is a much needed and welcome addition to our community,” said Mayor Morrison. “The Caledon Community Complex arena addition fulfills a significant part of the local need for increased access to recreation facilities as identified in the Town’s Recreation and Parks Masterplan. We are grateful to have worked with the federal government on this project.”

The Community Adjustment Fund is supporting a number of projects across southern Ontario to create immediate employment opportunities and stimulate the local economies that have been struggling with the effects of the global economic downturn.
