Results by Voting Location and Voting Period

The tables below present ballots cast at Town of Caledon voting locations, grouped by ward and voting period for each candidate. As electors could vote at any voting location within Caledon and were issued a ballot corresponding to their qualifying address, the figures show where ballots were cast and may include electors voting within and outside their home ward.

During the Advance Voting period, the Town also provided a Home Voting Service for residents across Caledon. Ballots cast through this service, together with ballots cast by residents of qualifying institutions and retirement homes, were counted on Election Day and are reported below under Special Polls.
