FIFTH LANE CALEDON VILLAGE

Moved by R. Paterak – Seconded by D. Beffort

2013-599

Whereas most of Highway 10 is now built as a five lane highway with the fifth lane being a constant turn lane; and

Whereas the fifth lane is a welcome safety feature for anyone travelling on Highway 10 attempting to make a left turn into a private or public entrance; and

Whereas the now constructed design of Highway 10 in Caledon Village does not include a fifth lane opposite to the entrances to the Old Caledon Town Hall, Caledon Village Place which also serve the Caledon Tennis Club, and the Caledon Fairgrounds; and

Whereas there is sufficient public property on the east side of Highway 10 to accommodate a design that includes a fifth lane in this location; and

Whereas the public is experiencing great difficulty making left turns into Old Caledon Town Hall, Caledon Village Place and the Caledon Fairgrounds, especially during darkness; and

Whereas the left turns into these locations requires motorists to wait for an opportunity to turn while being in a stop position in the southbound passing lane of Highway 10; and

Whereas the current design is dangerous;

Therefore be it resolved that the Town of Caledon begin discussions with MTO to have the MTO construct a fifth lane on Highway 10 within Caledon Village where there is ample public property available; and

Further that this motion be sent to the Premier, the Minister of Transportation, the relevant MTO Office and Sylvia Jones MPP.
