

PROCLAMATION

Whereas,

Approximately 10,000 children are living with cancer in Canada today. Each year about 1,500 cases are diagnosed. Because of significant advances in therapy, 82% of these children will survive 5 years or more. Childhood cancer remains responsible for more deaths from one year through adolescence than any other disease; and

Whereas,

Families facing the journey of childhood cancer need the best possible medical, financial and emotional support we can provide. Every family touched by childhood cancer needs support of its relatives, neighbours, teachers and community. Parents need the understanding and compassion of their employers; brothers and sisters need special consideration both at home and in school. Young cancer patients themselves need every opportunity to express and pursue the dreams that are the hallmark of childhood and the hope that cancer can be beaten; and

Whereas,

This month we recognize the dedication and hard work of all those scientists, healthcare professionals, parent organizations and volunteers who are working to overcome childhood cancer and assist these families. We admire and support the courageous youth and parents who struggle with this disease; and

Whereas,

We applaud and commend the dedicated volunteers at Candlelighters Simcoe Parents of Children with Cancer for the work they do for families of children with cancer in our region; and

Therefore,

I, Annette Groves, Mayor of the Town of Caledon, hereby do proclaim

September 2023

as

"Childhood Cancer Awareness Month"

in the Town of Caledon and do commend its thoughtful observance to all citizens of our municipality.

Mayor Annette Groves, Town of Caledon
