General Information and Instructions

This form should be filled out and submitted for review prior to the submission of any of the following types of applications to the Town of Caledon::

Building Permit(includes demolition)		Consent/ Severance
Zoning By-law Amendment		
Draft Plan of Subdivision	Minor Variance	Site Plan Approval
Draft Plan of Condominium	Official Plan Amendment	Fill Permit
Part Lot Control		

This form is required for the determination of the applicability of source protection policies under the Clean Water Act (2006) to properties located within the Town of Caledon for which any of the above applications are being submitted.

This assessment form consists of 13 pages. In order to complete this assessment, please go to Section 1.

Section 1: Property Location

Source protection policies are applicable to properties that have all or part of their lands within a **source protection vulnerable area**. Source protection vulnerable areas include wellhead protection areas, issue contributing areas and local areas as identified in the Source Protection Assessment Report.

The Town of Caledon contains areas subject to the jurisdictions of two Source Protection Regions, the Credit Valley, Toronto and Region and Central Lake Ontario (CTC) and the South Georgina Bay Lake Simcoe (SGBLS). To determine if your property is located in a source protection vulnerable area of one of these Regions, please visit their websites at (CTC) www.ctcswp.ca and (SGBLS) www.ourwatershed.ca for more information. A copy of the source protection mapping may also be accessed at the Planning Department of the Town of Caledon office.

Is property in question located within a source water protection vulnerable area

Yes No Could not identify

If your property is located within a vulnerable area as defined by source protection then please proceed to section 2, otherwise please go to Section 4 (Applicant sign off) on back page

Section 2: Land Use Activities

What type of land use(s) will occur on the subject property?

- Residential (please fill out Table A)
- Commercial / Industrial (please fill out Table B)
- Institutional (please fill out Table B)
- Agricultural (please fill out Table C)

Please identify the intended purpose(s) to be applied for:

If multiple land uses are proposed, please fill out a separate table for each proposed land use.

Table A: Residential

1. *Land Use Description*

a) What type of residential land use will occur on property?

Single or semi-detached
 Townhouses (on-street and block condominium)
 Apartments Mobile
 Other (identify) _____

2. *Property Servicing (Sewage and Water Takings)*

a) Is the property serviced or proposed for municipal water and/or sewage?

Municipal Water Services Only
 Municipal Sewage Services Only
 Both
 No, Neither

b) If the property is not to be municipally serviced for water, will the proposed use require anew water well?

Yes No

c) Does the property currently have any wells? If yes, please specify the number.

Drinking water wells (in use): _____
 Unused wells: _____
 Geothermal wells: _____
 Professionally decommissioned wells: _____
 No, none

d) If the property is not to be municipally serviced for sewage, will the property have a septic system for sewage disposal?

Yes No

If yes, which type?

Tank and leaching bed (class 4)
 Holding tank (class 5)
 Other (please describe): _____

3. *Handling and Storage of Fuels*

a) Will fuel oil be used to heat buildings on the property?

Yes No

b) If yes, will fuel oil be stored in the basement (below or partially below ground)?

Yes No

c) If yes to 3.a, Will the fuel oil tank have a capacity of greater than 250 litres?

Yes No

d) Is other forms of fuel going to be stored on site?

Yes No

Please specify reason for storage (examples: heating fuel, retail, fuel for commercial vehicles, other): _____

e) Is more than 250 litres of fuel to be stored on site?

Yes No

f) Is any proposed fuel storage to be located below or partially below grade?

Yes No

4. *Winter Maintenance*

a) How many parking spaces will the property have? _____

b) Will road salt be applied to parking lots and non-municipal roads on the property?

Yes No

5. *Reduction of Recharge*

a) Will the proposed application be adding rooftop area and/or paved areas to the property?

Yes No

b) If yes, please provide the total area of building footprint and paved areas.

Table B: Commercial, Industrial and Institutional

<p>1. Land Use Description</p> <p>What type of land uses will occur on property?</p> <p><input type="checkbox"/> Commercial (including mixed use) Please describe: _____</p> <p><input type="checkbox"/> Industrial Please describe: _____</p> <p><input type="checkbox"/> Institutional Please describe: _____</p> <p><input type="checkbox"/> Other Please describe: _____</p> <p>2. <i>Property Servicing (Sewage and Water Takings)</i></p> <p>a) Is the property serviced or proposed for municipal water and/or sewage?</p> <p><input type="checkbox"/> Municipal Water Services Only <input type="checkbox"/> Municipal Sewage Services Only <input type="checkbox"/> Both <input type="checkbox"/> No, neither</p> <p>b) If the property is not to be municipally serviced for water, will the proposed use require a new water well?</p> <p><input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>c) Does the property currently have any wells? If yes, please specify the number.</p> <p><input type="checkbox"/> Drinking water wells (in use): _____ <input type="checkbox"/> Unused wells: _____ <input type="checkbox"/> Geothermal wells: _____ <input type="checkbox"/> Professionally decommissioned wells: _____ <input type="checkbox"/> no, none</p> <p>d) If the property is not to be municipally serviced for sewage, will the property have a septic system for sewage disposal?</p> <p><input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If yes, which type?</p> <p><input type="checkbox"/> Tank and leaching bed (class 4) <input type="checkbox"/> Holding tank (class5) <input type="checkbox"/> Other (please describe): _____</p> <p>e) Will the new well require a Permit to Take Water*?</p>

Yes No

*Required if pumping more than 50,000 Litres per day

3. *Handling or Storage of Commercial Fertilizers and Pesticides*

a) Will commercial fertilizer be sold and or stored for retail on the property?

Yes No

b) If yes, will quantities stored at any one time be greater than 25,000 kilograms?

Yes No

c) Will the property have a pesticide manufacturing, processing or wholesaling facility, retail outlet or custom applicator's yard?

Yes No

d) If yes, will pesticides be stored or handled in quantities greater than 250 kilograms?

Yes No

4. *Handling and Storage of Fuels*

a) Will fuel oil be used to heat buildings on the property?

Yes No

b) If yes, will fuel oil be stored in the basement (below or partially below ground)?

Yes No

c) If yes to 4.a, Will the fuel oil tank have a capacity of greater than 250 litres?

Yes No

d) Is other fuel going to be stored on site?

Yes No

Please specify reason for storage (examples: heating fuel, retail, fuel for commercial vehicles, other): _____

f) Is any proposed fuel storage to be located below or partially below grade?

Yes No

5. *Waste Disposal Sites*

a) Will property have any of the following activities?

- | | |
|--|--|
| <input type="checkbox"/> Yes <input type="checkbox"/> No | • application of hauled sewage to lands |
| <input type="checkbox"/> Yes <input type="checkbox"/> No | • storage of hazardous or liquid industrial waste |
| <input type="checkbox"/> Yes <input type="checkbox"/> No | • storage, treatment and discharge of tailings from mines |
| <input type="checkbox"/> Yes <input type="checkbox"/> No | • landfarming petroleum refining waste |
| <input type="checkbox"/> Yes <input type="checkbox"/> No | • landfilling of hazardous waste |
| <input type="checkbox"/> Yes <input type="checkbox"/> No | • landfilling of municipal waste or solid non-hazardous industrial or commercial waste |
| <input type="checkbox"/> Yes <input type="checkbox"/> No | • liquid industrial waste injection into a well |
| <input type="checkbox"/> Yes <input type="checkbox"/> No | • storage of PCBs |
| <input type="checkbox"/> Yes <input type="checkbox"/> No | • Other waste disposal site as defined by Environmental Protection Act. |

b) If yes to any of the above, does the waste disposal site have approval under the Environmental Protection Act or Ontario Water Resources Act?

Yes No

6. *Handling or Storage of Organic Solvents and DNAPLs*

a) Will the handling or storage of any of the following products occur on the property?

- | | |
|--|--------------------------------|
| <input type="checkbox"/> Yes <input type="checkbox"/> No | • dry cleaning chemicals |
| <input type="checkbox"/> Yes <input type="checkbox"/> No | • cleaning/degreasing solvents |
| <input type="checkbox"/> Yes <input type="checkbox"/> No | • adhesives |
| <input type="checkbox"/> Yes <input type="checkbox"/> No | • wood preservatives |
| <input type="checkbox"/> Yes <input type="checkbox"/> No | • metal cleaning products |
| <input type="checkbox"/> Yes <input type="checkbox"/> No | • paint removers |
| <input type="checkbox"/> Yes <input type="checkbox"/> No | • resins |
| <input type="checkbox"/> Yes <input type="checkbox"/> No | • adhesives |
| <input type="checkbox"/> Yes <input type="checkbox"/> No | • inks |

b) If yes to any of the above, will quantities be greater than 25 litres?

Yes No

7. *Winter Maintenance*

a) How many parking spaces will the property have? _____

b) Will road salt be applied to parking lots and non-municipal roads on the property?

Yes No

c) Will road salt be stored on the property where it may be exposed to rain or surface runoff?

Yes No

d) If Yes, will quantities be greater than 5,000 tonnes?

Yes No

e) Will snow be stored* on the property?

Yes No

*Snow storage includes snow pushed into large piles on a property and snow transported to a central site from another location.

f) Approximately how much area will snow storage take up?

less than 1 hectare

> 1 hectares

8. Reduction of Recharge

a) Will the proposed application be adding rooftop area and/or paved areas to the property?

Yes No

b) If Yes, please provide total area of building footprint and paved areas.

Table C: Agricultural

1. *Land Use Description*

a) What type of agricultural land use(s) will occur on property (check as many as needed)?

Crop production

Please describe: _____

Animal production

Please describe: _____

Other

Please describe: _____

2. *Property Servicing (Sewage and Water Takings)*

a) Is the property serviced or proposed for municipal water and/or sewage?

Municipal Water Services Only

Municipal Sewage Services Only

Both

No, Neither

b) If the property is not to be municipally serviced for water, will the proposed use require a new water well?

Yes No

c) Does the property currently have any wells? If yes, please specify the number.

Drinking water wells (in use): _____

Unused wells: _____

Geothermal wells: _____

Professionally decommissioned wells: _____

No, none

d) If the property is not to be municipally serviced for sewage, will the property have a septic system for sewage disposal?

Yes No

If yes, which type?

Tank and leaching bed (class 4)

Holding tank (class 5)

Other (please describe): _____

3. *Nutrient Management*

a) Does the property have a Nutrient Management Plan?

Yes No

b) Will the application, handling or storage of *Agricultural Source Material occur on the property?

Yes No

*Agricultural Source Material includes

- manure produced by farm animals (includes bedding materials);
- runoff from farm-animal yards and manure storages;
- wash water that has not been mixed with human body waste (e.g., from the milking centre);
- organic materials produced by intermediate operations that process the above materials (e.g., mushroom compost);
- anaerobic digestion output that does not include sewage biosolids or human body waste; and
- regulated compost (which contains dead farm animals).

c) Will the application, handling or storage of *Non-Agricultural Source Material occur on the property?

Yes No

*Non-Agricultural Source Material includes

- pulp and paper biosolids,
- sewage biosolids,
- anaerobic digestion output and
- any other material that is not from an agricultural source and that is capable of being applied to land as a nutrient (such as materials from dairy product or animal food manufacturing).

d) Will commercial fertilizer be applied to the property?

Yes No

4. *Livestock*

- a) Will the property be used for livestock grazing, pasturing, outdoor confinement or farm animal yards? *Check all that apply*

- Livestock grazing
 Pasturing
 Outdoor confinement area
 Farm animal yard
 None

If yes to any of the above, please describe the type and number of livestock.

5. *Handling and Storage of Fuels*

- a) Is more than 250 litres of fuel to be stored on site?

Yes No

- b) Is any proposed fuel storage to be located below or partially below grade?

Yes No

6. *Application of Pesticides*

- a) Will pesticides be applied to the land?

Yes No

If yes, please list the types of pesticides.

7. *Reduction of Recharge*

- a) Will the proposed application be adding rooftop area and/or paved areas to the property?

Yes No

- b) If yes, please provide the total area of building footprint and paved areas.

Section 3: Site Plan

Please provide a simple sketch of property with location of land uses for which this application applies to. If site plan available please attach.
