**Subject: Draft Plan Conformance - Stormwater Management Report
Caledon Development #2 LP
Mayfield West Phase 2 - Stage 2
Town of Caledon, Region of Peel**

On behalf of our client, Caledon Development #2 LP, we are writing to confirm that the previously approved Stormwater Management Report for Pond #6 is consistent with the proposed Draft Plan and with the Council Endorsed Framework Plan for Mayfield West Phase 2 - Stage 2 as it relates to the Functional Servicing Report (prepared by Urbantech Consulting, dated November 2020). Specifically, we can confirm that any changes that have been made to the Stage 2 Draft Plan have no impact on the Stormwater Management Report, or on the Framework Plan reports that have been prepared thus far. The Draft Plan and associated works will comply with the framework documentation is submitted in the future, pertaining to stormwater management.

Attached for reference is the latest Stormwater Management Report prepared by our firm, dated March 20, 2020.

If you have any questions, please me at 289-982-4322.

Yours very truly

WSP CANADA INC.
