

## Certificate of Property Use

Issued under the authority of the Environmental Protection Act, R.S.O. 1990, c. E.19,  
sections 168.6 (CPU) and 197 (Order)

Certificate of Property use number 0840-CCHJ8T  
Risk Assessment number 6236-C5QQWK

### Owner:

Argo Summer Valley Limited

And

Argo Caivan Summer Valley Limited Partnership  
by its general partners  
Argo Summer Valley Limited and Caivan (Summer Valley) Inc.

### Site:

12211, 12213 and 12231 Hurontario Street, Caledon

with a legal description described below:

PT LT 19 CON 1 EHS (CHING), DES AS PTS 1, 2 PL 43R-32579 S/T EASEMENT IN FAVOUR  
OF THE BELL TELEPHONE COMPANY OF CANADA OVER PTS 6, 9, PL43R27780, AS IN

This Certificate of Property Use and section 197 Order set out the requirements regarding the  
above-noted Property and the Modified Generic Risk Assessment carried out in relation to the  
Property which was assigned the number noted above and is described in more detail in Part 1  
below.

**Refer to Part 1 of the CPU, Interpretation, for the meaning of all the defined capitalized terms that apply to the CPU.**

## **Part 1: Interpretation**

In this CPU, the following capitalized terms have the meanings described below. These terms are also defined in the Approved Model. Not all of these terms may be used in this CPU.

“Act” means the *Environmental Protection Act*, R.S.O. 1990, c. E.19.

“Active SVIMS” means a soil vapour intrusion mitigation system designed and operated to collect and remove soil vapour from below a Building and convey the soil vapour through vent risers to the outside air by means of one or more electrical fan powered vents drawing air from below the Building.

“Approved Model” has the same meaning as in subsection 1 (1) of Schedule C of O. Reg. 153/04, namely, the data file entitled “Modified Generic Risk Assessment Model” and dated October 19, 2009 as amended from time to time, that is maintained by the Ministry as part of its Brownfield initiative and is available on the Internet and may be available in such other manner as the Minister considers appropriate.

“ASTM” means the American Society for Testing and Materials.

“Barrier” means a Fill Cap Barrier, Hard Cap Barrier or Shallow Soil Cap Barrier.

“Building” means an enclosed structure occupying an area greater than ten square metres consisting of a wall or walls, roof and floor.

“Building Area” means the horizontal area of a Building at Grade within the outside surface of the exterior wall or walls.

“Building Code” means Ontario Regulation 332/12 (Building Code) as amended to January 1, 2015, made under the *Building Code Act*, 1992, S.O. 1992, c.23.

“Capping Soil” means,

- (a) soil that meets the applicable site condition standards for the Property and does not contain any contaminant for which no applicable site condition standard for soil is prescribed under Part IX (Site Condition Standards and Risk Assessment) and which is associated with any potentially contaminating activity described in the Risk Assessment, or

- (b) soil that meets any higher standards for the contaminant or contaminants as generated by the Approved Model without incorporation of Risk Management Measures, and as specified in section 7 of the Risk Assessment and in Schedule A of the CPU.

“Certificate of Property Use” or “CPU” means this certificate of property use bearing the number 0840-CCHJ8T issued for the Property by the Director under section 168.6 of the Act, as it may be amended from time to time.

“Competent Person” has the same meaning as in the *Occupational Health and Safety Act*, R.S.O. 1990, c. O.1.

“Contaminants of Concern” has the same meaning as in O. Reg. 153/04, which, for the Property, means one or more contaminants found on, in or under the Property at a concentration that exceeds the applicable site condition standards for the Property, as specified in section 7 of the Risk Assessment report and in Schedule A of the CPU.

“Director” means a person in the Ministry appointed as a director for the purpose of issuing a certificate of property use under section 168.6 of the Act.

“Fill Cap Barrier” means cover, above the Contaminants of Concern, that,

- (a) is at least, the applicable of,
  - (i) 1.0 metre thick, or any greater thickness than 1.0 metre, as specified in section 7 of the Risk Assessment report, or
  - (ii) 1.5 metres thick, where the option to modify the S3 component value in the Approved Model for protection of subsurface workers from direct soil contact has been used in the Risk Assessment, as specified in section 7 of the Risk Assessment report, and
- (b) consists of at least 0.5 metres thickness of Capping Soil, and above this, cover consisting of additional Capping Soil or non-soil surface treatment such as asphalt, concrete or concrete pavers, stone pavers, brick or aggregate.

“First Storey” has the same meaning as in the Building Code.

“Grade” has the same meaning as in the Building Code.

“Hard Cap Barrier” means an asphalt or concrete cover layer, above the Contaminants of Concern, that is at least 225 millimetres thick, and consists of at least 75 millimetres thickness of hot mix asphalt or poured concrete underlain by Granular “A” aggregate or

equivalent material and includes a Building slab or Building foundation and floor slab meeting these specifications.

“Intrusive Activities” means any intrusive activity undertaken at the Property, such as excavating or drilling into soil or ground water, which may disturb or expose Contaminants of Concern at the Property.

“Licensed Professional Engineer” means a person who holds a licence, limited licence or temporary licence under the Professional Engineers Act, R.S.O. 1990, c. P.28.

“Minister” means the minister of the Ministry.

“Ministry” means the ministry of the government of Ontario responsible for the administration of the Act, currently named the Ministry of the Environment, Conservation and Parks.

“O. Reg. 153/04” means Ontario Regulation 153/04 (Record of Site Condition – Part XV.1 of the Act), made under the Act.

“Owner” means the owner(s) of the Property, beginning with the person(s) to whom the Certificate of Property Use for the Property is first issued by the Director under section 168.6 of the Act based on the Risk Assessment, and any subsequent owner of the Property.

“Passive SVIMS” means a soil vapour intrusion mitigation system designed and operated to collect and remove soil vapour from below a Building and convey the soil vapour through vent risers to the outside air by means of natural forces or one or more wind turbines, or solar powered wind turbine operated vents drawing air from below the Building.

“Property” means the property that is the subject of the Risk Assessment and is described in the property “Site” section on page 1 above.

“Property Management Oversight” means management, on an ongoing basis, of all structural, mechanical, electrical, ventilation and other Building and Property services that relate to the installed Passive SVIMS, or the installed Active SVIMS, as applicable for the Property as set out in section 7 of the Risk Assessment report including oversight of operation, inspection, monitoring, maintenance and repair activities, and of operational and reserve funding for these activities, by a property manager or management company engaged by the Owner or, in the case of collective ownership, by an authorized representative or representatives of the collective ownership of the Building and Property, such as a condominium board.

“Property Specific Standards” means the standards established as the maximum allowable concentrations for the Contaminants of Concern at the Property, as generated by the Approved Model with incorporation of Risk Management Measures, as specified in section 6 of the Risk Assessment report and in Schedule A of the CPU.

“Provincial Officer” has the same meaning as in the Act, namely, a person who is designated by the Minister as a provincial officer for the purposes of the Act and the regulations.

“Qualified Person” means a person who meets the qualifications set out in subsection 5(2) of O. Reg. 153/04.

“Risk Assessment” and “MGRA” means the modified generic risk assessment number 6236-C5QQWK submitted with respect to the Property and accepted by a Director under section 168.5 of the Act on March 16, 2022 and set out in the following documents:

- “Modified Generic Risk Assessment for 12197 Hurontario Street, in Brampton, Ontario and 12211, 12213, 12231, and 12233 Hurontario Street, in Caledon, Ontario,” report prepared by exp Services Inc., dated August 3, 2021
- “Modified Generic Risk Assessment for 12211, 12213, and 12231 Hurontario Street, Caledon, Ontario,” report prepared by exp Services Inc., dated February 14, 2022
- Lawyer’s Letter, “Re: Argo Caivan Summer Valley Limited Partnership and Argo Summer Valley Limited”, Agro Zaffiro LLP, signed by David A. Elliot, dated March 9, 2022.

“Risk Management Measures” means the risk management measures specific to the Property described in the Risk Assessment and/or Part 4 of the CPU.

“Shallow Soil Cap Barrier” means cover, above the Contaminants of Concern, that is at least 0.5 metres thick, and consists of Capping Soil.

“Storage Garage” has the same meaning as in the Building Code.

“SVIMS” means soil vapour intrusion mitigation system.

“Tribunal” has the same meaning as in the Act, namely the Ontario Land Tribunal.

## **Part 2: Legal Authority**

2.1 Section 19 of the Act states that a certificate of property use is binding on the executor, administrator, administrator with the will annexed, guardian of property or attorney for property of the person to whom it was directed, and on any other successor or assignee of the person to whom it was directed.

2.2 Subsection 168.6(1) of the Act states that if a risk assessment relating to a property has been accepted under clause 168.5(1)(a), the Director may issue a certificate of property use to the owner of the property, requiring the owner to do any of the following things:

1. Take any action specified in the certificate and that, in the Director’s opinion, is

necessary to prevent, eliminate or ameliorate any adverse effect that has been identified in the risk assessment, including installing any equipment, monitoring any contaminant or recording or reporting information for that purpose.

2. Refrain from using the property for any use specified in the certificate or from constructing any building specified in the certificate on the property.
- 2.3 Subsection 168.6(2) of the Act states that a certificate of property use shall not require an owner of property to take any action that would have the effect of reducing the concentration of a contaminant on, in or under the property to a level below the level that is required to meet the standards specified for the contaminant in the risk assessment.
- 2.4 Subsection 168.6(3) of the Act states that the Director may, on his or her own initiative or on application by the owner of the property in respect of which a certificate of property use has been issued under subsection 168.6(1),
  - (a) alter any terms and conditions in the certificate or impose new terms and conditions;  
or
  - (b) revoke the certificate.
- 2.5 Subsection 168.6(4) of the Act states that if a certificate of property use contains a provision requiring the owner of property to refrain from using the property for a specified use or from constructing a specified building on the property,
  - (a) the owner of the property shall ensure that a copy of the provision is given to every occupant of the property; and
  - (b) the provision applies, with necessary modifications, to every occupant of the property who receives a copy of the provision; and
  - (c) the owner of the property shall ensure that every occupant of the property complies with the provision.
- 2.6 Subsection 197(1) of the Act states that a person who has authority under the Act to make an order or decision affecting real property also has authority to make an order requiring any person with an interest in the property, before dealing with the property in any way, to give a copy of the order or decision affecting the property to every person who will acquire an interest in the property as a result of the dealing.
- 2.7 Subsection 197(2) of the Act states that a certificate setting out a requirement imposed under subsection 197(1) may be registered in the proper land registry office on the title of the real property to which the requirement relates, if the certificate is in a form approved by the Minister, is signed or authorized by a person who has authority to make orders imposing requirements under subsection 197(1) and is accompanied by a registrable description of the property.

- 2.8 Subsection 197(3) of the Act states that a requirement, imposed under subsection 197(1) that is set out in a certificate registered under subsection 197(2) is, from the time of registration, deemed to be directed to each person who subsequently acquires an interest in the real property.
- 2.9 Subsection 197(4) of the Act states that a dealing with real property by a person who is subject to a requirement imposed under subsection 197(1) or 197(3) is voidable at the instance of a person who was not given the copy of the order or decision in accordance with the requirement.

### **Part 3: Background**

- 3.1 The Risk Assessment was undertaken for the Property on behalf of the Owner to assess the human health risks and ecological risks associated with the presence or discharge of Contaminants of Concern on, in or under the Property and to identify appropriate Risk Management Measures to be implemented to ensure that the Property is suitable for the intended use: Residential Use, as defined in O. Reg. 153/04.
- 3.2 The contaminants on, in or under the Property that are present above Table 4 of the ***Soil, Ground Water and Sediment Standards for Use under Part XV.1 of the Environmental Protection Act*** published by the Ministry and dated April 15, 2011 for medium and fine textured soils are set out in the Risk Assessment and in Schedule A (Contaminants of Concern). The Standards for these Contaminants of Concern are also set out in Schedule A which is attached to and forms part of the CPU. Also attached to and forming part of the CPU is a copy of a current plan of survey of the Property and/or a site plan of the Property.
- 3.3 I am of the opinion, for the reasons set out in the Risk Assessment that the Risk Management Measures described therein and in Part 4 of the CPU are necessary to prevent, eliminate or ameliorate an Adverse Effect on the Property that has been identified in the Risk Assessment.
- 3.4 I am of the opinion, for the reasons set out in the Risk Assessment, it is necessary to restrict the use of the Property CPU.
- 3.5 The Risk Assessment applied the use of stratified site conditions and the Modified Ecological Protection pathway modifier in the development of the Property Specific Standards. The Owner has been advised that the use of the Modified Ecological Protection pathway modifier provides a lower level of protection and some ecological receptors may not thrive.
- 3.6 I am of the opinion, that the requirements set out in Part 6 of this CPU are necessary to supplement the Risk Management Measures described in the Risk Assessment and in Part 4 of the CPU.

- 3.7 I believe for the reasons set out in the Risk Assessment that it is also advisable to require the disclosure of this CPU and the registration of notice of the CPU on title to the Property as set out in the order requirements in Part 7 of this CPU.

## **Part 4: CPU Risk Management Measures and Requirements Relating to the Risk Assessment and the Property**

I hereby require the Owner to do or cause to be done the following under the authority of paragraph 168.6(1)1 of the Act:

- 4.0 Implement, and thereafter maintain or cause to be maintained, the following Risk Management Measures and requirements identified in the Risk Assessment and set out in Items 4.1 to 4.15 and 5.2 as applicable.
- 4.1 Shallow Soil Cap Barrier Risk Management Measure: N/A**
- 4.2 Hard Cap Barrier or Fill Cap Barrier (1.0 metre or specified greater thickness) Risk Management Measure: N/A**
- 4.3 Hard Cap Barrier or Fill Cap Barrier (modified S3 soil component value) Risk Management Measure: N/A**
- 4.4 Inspection, maintenance and reporting requirements for all Barriers: N/A**
- 4.5 Building with Storage Garage (intermittent 3.9 Litres/second of Ventilation) Risk Management Measure: N/A**
- 4.6 Building with Storage Garage (continuous 3.9 Litres/second of ventilation) Risk Management Measure: N/A**
- 4.7 Building with Storage Garage (continuous 10.0 Litres/second of ventilation) Risk Management Measure: N/A**
- 4.8 Building Prohibition Risk Management Measure: N/A**
- 4.9 Passive soil vapour intrusion mitigation system (SVIMS) and/or Active soil vapour intrusion mitigation system (SVIMS) Risk Management Measures: N/A**
- 4.10 Building with no first storey residential, institutional or parkland use Risk Management Measure: N/A**

**4.11 Building with minimum first storey ceiling height requirement Risk Management Measure: N/A**

**4.12 No ground water use Risk Management Measure:**

Upon issuance of the CPU, the Owner shall take all actions necessary or advisable to prevent any use of ground water in or under the Property as a water source. The Owner shall,

- a. Refrain from using ground water in or under the Property as a source of water; and
- b. Except, as may be required for continued use as a monitoring well, as defined in the *Ontario Water Resources Act*, R.S.O. 1990, c. O.40 (OWRA):
  - i. properly abandon on the Property any wells, as described or defined in the OWRA, according to the requirements set out in Regulation 903 of the Revised Regulations of Ontario 1990: (Wells), made under the OWRA; and,
  - ii. refrain from constructing on the Property any wells as described or defined in the OWRA.

**4.13 Health and Safety Plan Requirement: N/A**

**4.14 Soil and Ground Water Management Plan Requirement:**

Prepare and implement a written soil and ground water management plan for the Property, prepared by a Qualified Person and to be retained by the Owner, and be available for inspection upon request by a Provincial Officer, for managing excavated soil or soil brought to the Property, and, if any, ground water from dewatering during Intrusive Activities at the Property, so as to prevent exposure to or uncontrolled movement or discharge of the Contaminants of Concern in soil or ground water at the Property, including, at a minimum:

- a. procedures and timing for implementing the plan, including the supervision of persons implementing the plan; and
- b. measures to control dust and prevent tracking of soil by vehicles and persons from the Property, including the cleaning of equipment and vehicles; and
- c. measures, in addition to any applicable measures specified in O. Reg. 153/04 or O. Reg. 406/19, to manage soil excavated at the Property and any soil brought to or removed from the Property, including:
  - i. characterizing for contaminant quality all excavated soil and any soil brought to the Property, including determining whether the soil:
    1. is Capping Soil;
    2. meets the Standards which for this Property is based on a stratified approach; or
    3. exceeds the Standards;

- ii. managing excavated soil separately from any soil brought to the Property, including any excavated soil that is to be:
  - 1. used as Capping Soil at the Property;
  - 2. otherwise used as fill at the Property;
  - 3. removed from the Property for off-site storage or processing but is to be returned for use as fill at the Property; or
  - 4. removed from the Property for off-site use as fill or disposal; and
  
- iii. stockpiling of excavated soil and any soil brought to the Property in separate designated areas that:
  - 1. reflect the distinctions described in parts (c) i and ii; and
  - 2. have been lined and covered, as appropriate, to prevent uncontrolled movement or discharge of the Contaminants of Concern; and
  - 3. have been bermed or fenced, as appropriate, to restrict access by persons; and
  - 4. have storm water runoff controls in place to minimize storm water runoff contacting stockpiled soil, with provision for discharge of storm water runoff to a sanitary sewer or to other approved treatment if needed; and
  
- d. measures to manage storm water and any ground water from dewatering at the Property to prevent the movement of entrained soil and Contaminants of Concern within and away from the Property, including, in addition to any applicable measures specified pursuant to other applicable law or other instruments, measures such as silt fences, filter socks for catch-basins and utility covers, and provision for discharge to a sanitary sewer or to other approved treatment if needed; and
  
- e. recording, in writing, the soil, storm water and any ground water management measures undertaken, in addition to any applicable record keeping requirements specified in O. Reg. 153/04 or O. Reg. 406/19, or pursuant to other applicable law or other instruments, to be retained by the Owner, and be available for inspection upon request by a Provincial Officer, including:
  - i. dates and duration of the Intrusive Activities being undertaken;
  - ii. weather and site conditions during the Intrusive Activities;
  - iii. the location and depth of excavation activities, and dewatering activities, if any;
  - iv. dust control and soil tracking control measures, such as hauling records;
  - v. characterization results for excavated soil and any soil brought to or removed from the Property, and for any ground water from dewatering;
  - vi. soil management activities including soil quantities excavated and brought to and removed from the Property, and stockpile management and storm water runoff control;
  - vii. management activities for any ground water from dewatering;
  - viii. names and contact information for the Qualified Persons and on-site contractors involved in the Intrusive Activities;
  - ix. names and contact information for any haulers and owners or operators of receiving sites for soil and any ground water removed from the Property, and for haulers and owners or operators of project areas (also known as source sites) of any soil brought to the Property;

- x. any complaints received relating to the Intrusive Activities, including the soil, storm water and any ground water management activities;

and which is,

- xi. delivered to the Owner before any Intrusive Activities are undertaken at the Property; and
- xii. updated and delivered to the Owner within 30 days following making any alteration to the plan.

#### **4.15 Annual Reports Requirement:**

The Owner shall prepare by March 31 each year, an annual report documenting activities relating to the Risk Management Measures undertaken during the previous calendar year. A copy of this report shall be maintained on file by the Owner and shall be made available upon request by a Provincial Officer. The report shall include, but not be limited to, the following minimum information requirements as applicable:

- a. a copy of all records relating to the soil and ground water management plan;

## **Part 5: CPU Restrictions on Property Use, Building Construction and Notice Requirements**

I hereby require the Owner to do or cause to be done the following under the authority of paragraph 168.6(1)2 of the Act:

### **5.1 Property Use Restriction**

N/A

### **5.2 Building Construction Restrictions**

Refrain from constructing the following Building(s): N/A

### **5.3 Notice of Restrictions**

Pursuant to the requirements of subsection 168.6(4) of the Act, the Owner shall ensure that every occupant of the Property is given notice that the Ministry has issued this CPU and that it contains the provisions noted above in Items 5.1 and 5.2, except where noted N/A, and that every occupant complies with such provisions. For the purposes of this requirement, an occupant means any person with whom the Owner has a contractual relationship regarding the occupancy of all or part of the Property.

## **Part 6: Additional Requirements**

I hereby require the Owner to do or cause to be done the following things under the authority of paragraph 168.6(1)1 of the Act:

### **6.1 Site Changes Affecting Risk Management Measures**

In the event of a change in the physical site conditions or receptor characteristics at the Property that may affect the Risk Management Measures and/or any underlying basis for the Risk Management Measures, the Owner shall forthwith notify the Director of such changes and the steps taken, to implement, maintain and operate any further Risk Management Measures as are necessary to prevent, eliminate or ameliorate any Adverse Effect that will result from the presence on, in or under the Property or the discharge of any Contaminant of Concern into the natural environment from the Property. In support of this work, a new risk assessment may need to be completed in accordance with O. Reg. 153/04 and submitted to the Ministry for acceptance. An amendment to the CPU will be issued to address the changes set out in any notice received and any future changes that the Director considers necessary in the circumstances.

### **6.2 Report Retention Requirements**

The Owner shall retain a copy of any reports required under the CPU for a period of seven (7) years from the date the report is created and within ten (10) days of the Director or a Provincial Officer making a request for a report, provide a copy to the requesting Director or Provincial Officer.

### **6.3 Owner Change Notification**

While the CPU is in effect, the Owner shall, forthwith report in writing to the Director any changes of ownership of the Property except that while the Property is registered under the *Condominium Act, 1998*, S.O.1998 c.19 no notice shall be given of changes in the ownership of individual condominium units or any appurtenant common elements on the Property.

## **Part 7: Section 197 Order (Property Notice and Certificate of Requirement Registration) Requirements**

I hereby order the Owner to do or cause to be done the following under the authority of subsections 197(1) and 197 (2) of the Act:

### **7.1 Property Notice Requirement**

For the reasons set out in the CPU and pursuant to the authority vested in me by subsection 197(1) of the Act I hereby order you and any other person with an interest in the Property, before dealing with the Property in any way, to give a copy of the

CPU, including any amendments thereto, to every person who will acquire an interest in the Property as a result of the dealing,

## **7.2 Certificate of Requirement Registration**

Within fifteen (15) days from the date of receipt of a certificate of requirement issued under subsection 197(2) of the Act completed as outlined in Schedule B register the certificate of requirement on title to the Property, in the appropriate land registry office.

## **7.3 Verification**

Within five (5) days after registering the certificate of requirement provide to the Director a copy of the registered certificate and of the parcel register(s) for the Property confirming that registration has been completed.

## **Part 8: General Requirements**

- 8.1 The requirements of the CPU are severable. If any requirement of the CPU or the application of any requirement to any circumstance is held invalid, such finding does not invalidate or render unenforceable the requirement in other circumstances nor does it invalidate or render unenforceable the other requirements of the CPU.
- 8.2 An application under subsection 168.6(3) of the Act to alter any terms and conditions in the CPU, or impose new terms and conditions, or revoke the CPU, shall be made in writing to the Director, with reasons for the request.
- 8.3 Subsection 186(3) of the Act provides that failure to comply with the requirements of the CPU constitutes an offence.
- 8.4 The requirements of the CPU are minimum requirements only and do not relieve the Owner from, complying with any other applicable order, statute, regulation, municipal, provincial or federal law, or obtaining any approvals or consents not specified in the CPU.
- 8.5 Notwithstanding the issuance of the CPU, further requirements may be imposed in accordance with legislation as circumstances require.
- 8.6 In the event that, any person is, in the opinion of the Director, rendered unable to comply with any requirements in the CPU because of,
  - a. natural phenomena of an inevitable or irresistible nature, or insurrections,
  - b. strikes, lockouts or other labour disturbances,
  - c. inability to obtain materials or equipment for reasons beyond your control, or
  - d. any other cause whether similar to or different from the foregoing beyond your control,the requirements shall be adjusted in a manner defined by the Director. To obtain such an adjustment, the Director must be notified immediately of any of the above occurrences, providing details that demonstrate that no practical alternatives are feasible in order to meet the requirements in question.

- 8.7 Failure to comply with a requirement of the CPU by a date specified does not relieve the Owner(s) from compliance with the requirement. The obligation to complete the requirement shall continue each day thereafter.
- 8.8 The Risk Management Measures identified in the Risk Assessment and also in Part 4 of the CPU and all the other requirements in the CPU shall commence upon the issuance of the CPU and continue in full force and effect in accordance with the terms and conditions of the CPU until such time as the Director alters or revokes the CPU.
- 8.9 The provisions of the CPU shall take precedence in the event of a conflict between the provisions of the CPU and the Risk Assessment.
- 8.10 In the event that the Owner complies with the provisions of Items 7.2 and 7.3 of the CPU regarding the registration of the certificate of requirement on title to the Property, and then creates a condominium corporation by the registration of a declaration and description with respect to the Property pursuant to the *Condominium Act, 1998*, S.O. 1998, c.19 and then transfers ownership of the Property to various condominium unit owners, the ongoing obligations of the Owner under this CPU can be carried out by the condominium corporation on behalf of the new Owners of the Property.

## **Part 9: Information regarding a Hearing before the Ontario Land Tribunal**

With respect to those provisions relating to my authority in issuing a certificate of property use under section 168.6 and an order under section 197 of the Act:

- 9.1 Pursuant to section 139 of the Act, you may require a hearing before the Ontario Land Tribunal (the "Tribunal"), if within fifteen (15) days after service on you of a copy of the CPU, you serve written notice upon the Director and the Tribunal.
- 9.2 Pursuant to section 142 of the Act, the notice requiring the hearing must include a statement of the portions of the CPU and the grounds on which you intend to rely at the hearing. Except by leave of the Tribunal, you are not entitled to appeal a portion of the CPU, or to rely on a ground, that is not stated in the notice requiring the hearing.
- 9.3 Service of a notice requiring a hearing must be carried out in a manner set out in section 182 of the Act and Ontario Regulation 227/07: *Service of Documents*, made under the Act. The contact information for the Director and the Tribunal is the following:

Registrar, Ontario Land Tribunal  
655 Bay Street, Suite 1500  
Toronto, ON, M5G 1E5  
Email: OLT.Registrar@ontario.ca

and

Halton-Peel District Manager, Central Region  
Ministry of the Environment, Conservation and Parks  
4145 North Service Road, Suite 300  
Burlington, Ontario L7L 6A3  
Fax: 905-319-9902  
Email: [environment.haltonpeel@ontario.ca](mailto:environment.haltonpeel@ontario.ca)

The contact information of the Ontario Land Tribunal and further information regarding its appeal requirements can be obtained directly from the Tribunal at: Tel: (416) 212-6349 or Toll Free 1 (866) 448-2248 or [www.olt.gov.on.ca](http://www.olt.gov.on.ca).

Further information regarding service can be obtained from e-Laws at [www.ontario.ca/laws](http://www.ontario.ca/laws). Please note where service is made by mail, it is deemed to be made on the fifth day after the date of mailing and choosing service by mail does not extend any timelines.

- 9.4 Unless stayed by the Tribunal under section 143 of the Act, the CPU is effective from the date of issue.
- 9.5 The procedures and other information provided in this Part 9 are intended as a guide. The legislation should be consultant for additional details and accurate reference. Further information can be obtained from e-Laws at [www.ontario.ca/laws](http://www.ontario.ca/laws).

Issued on the 16<sup>th</sup> day of March, 2022

Tina Dufresne  
Director, section 168.6 of the Act
