Town of Caledon

Ref: Site Plan Application, Proposed Hotel at 12476 Highway 50, Caledon

A five storey Marriott hotel is proposed on the vacant part of this property. Existing Retail Fuel Outlet and associated convenience store shall remain as is. There are no new accesses proposed as a part of this development. Based on the DART meeting it was identified that a Zoning Amendment was necessary which was minor in nature. The Zoning By-law Amendment application shall be done within two weeks

Thanks.
