RE: Review and Entry into the Ontario Public Register of Archaeological Reports: Archaeological Assessment Report Entitled, "Stage 3 Archaeological Assessment of AIGw- 201 and AIGw-202, Bolton Residential Expansion Study Option 3, Parcel 1, Part of Lot 12, Concession 4, Geographic Township of Albion, County of Peel, now in the Town of Caledon, Regional Municipality of Peel, Ontario", Dated Sep 23, 2022, Filed with MCM Toronto Office on Sep 28, 2022, MCM Project Information Form Number P1128-0006-2022, P1128-0007-2022, MCM File Number 0012724

Dear Miss Hamilton:

This office has reviewed the above-mentioned report, which has been submitted to this ministry as a condition of licensing in accordance with Part VI of the *Ontario Heritage Act*, R.S.O. 1990, c 0.18.¹ This review has been carried out in order to determine whether the licensed professional consultant archaeologist has met the terms and conditions of their licence, that the licensee assessed the property and documented archaeological resources using a process that accords with the 2011 *Standards and Guidelines for Consultant Archaeologists* set by the ministry, and that the archaeological fieldwork and report recommendations are consistent with the conservation, protection and preservation of the cultural heritage of Ontario.

The report documents the assessment of the study area as depicted in Figures 2-3 of the above titled report and recommends the following:

1. AIGw-201 represents an Early Archaic (7,500-6,900 BCE) single loss event and does not exhibit cultural heritage value or interest. Therefore, this site may be considered cleared of archaeological concern and no further work is recommended.
2. AIGw-202 represents an Early Archaic (7,500-6,900 BCE) single loss event and does not exhibit cultural heritage value or interest. Therefore, this site may be considered cleared of archaeological concern and no further work is recommended.

Based on the information contained in the report, the ministry is satisfied that the fieldwork and reporting for the archaeological assessment are consistent with the ministry's 2011 *Standards and Guidelines for Consultant Archaeologists* and the terms and conditions for archaeological licences. This report has been entered into the Ontario Public Register of Archaeological Reports. Please note that the ministry makes no

representation or warranty as to the completeness, accuracy or quality of reports in the register.

Should you require any further information regarding this matter, please feel free to contact me.

Sincerely,

Jessica Marr
