Please accept the following in support of a Zone Change Application for the above noted property.

- Our property will be eligible to receive waste collection service provided by a private pickup company;
- Please refer to the 1.2 Truck Movement Plan prepared by ABA Architects Inc. where a traffic geometric has been performed for a standard three-axle waste collection vehicle.
- A bi-weekly pickup is anticipated.
- A footprint of approximately 25. 0sq.m will be dedicated internally for the storage of Organics, Recyclables and Garbage before transfer the waste to the exterior garbage storage.
