**Attention: Alicia West**  
**Senior Planner, Planning and Development**

Dear Ms. West:

**RE: Indigenous Engagement Memo**  
**Innis Lake Secondary Plan – OPA Application**

Malone Given Parsons Ltd. (“MGP”) is pleased to submit this Indigenous Engagement Memo in response to the requirements identified in the checklist for Pre-application 2025-0041. An Official Plan Amendment and supporting materials have been prepared and submitted on behalf of Mattamy (Innis Lake) Limited and 2420428 Ontario Limited (“Innis Lake Secondary Plan Area Landowners”) for the properties municipally known as 12351 Innis Lake Road and 12250 Centreville Creek Road, representing Phase One of the Innis Lake Secondary Plan to permit a mixed-use community.

The Owners intend to engage with Indigenous Nations and Communities in accordance with what is outlined in the Town of Caledon’s “Expectations for Indigenous Engagement for Proponent-Led Development Guidelines”, appended to this memo.

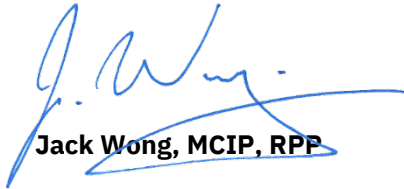

Engagement is planned to commence following the initial submission of the Official Plan Amendment application. Initiating consultation at this stage means information will be readily available and there will be sufficient context to support more meaningful engagement. The process will begin with initial outreach, during which the Innis Lake Secondary Plan Area Landowners will share details of the Secondary Plan and offer to schedule an introductory meeting to present the proposal. Follow-up meetings and ongoing correspondence are anticipated.

All engagement activities with Indigenous Nations and representative organizations will be tracked, and the Owners will maintain a comprehensive record of all communications.

We trust that the above engagement plan satisfies the Indigenous Engagement Summary/Form requirements of the PARC checklist for PRE 2025-0041. We look forward to continued engagement and dialogue throughout the application process.

Please do not hesitate to contact the undersigned should you have any questions.

Yours very truly,  
Malone Given Parsons Ltd.

**Jack Wong, MCIP, RPP**
