Potential Policy Ideas

Policy Ideas to Consider

1. Should a Town **Aggregate Advisory Committee** be convened?
2. What **policies around impacts on human health** could be developed to appropriately address this issue?
3. Should **real-time monitoring** of noise and air quality be required at operations to obtain more and better data on area conditions?
4. Can the Town identify preferred **technological solutions for monitoring and operational activities**?

Potential Policy Ideas

Policy Ideas to Consider

5. How can the policies better recognize, reflect and respond to **exceedances in standards** and operational impacts?
6. What could a **PM2.5 by-law** look like or contain in Caledon?
7. Can commercial filling only be permitted on **sites where a licence has been surrendered?**
8. Can commercial filling only be permitted on **sites that have been transferred into public ownership?**
9. Can peer review or original work needed to assess an application **be funded through application or chargeback fees?**
10. Can content **requirements for technical reports be specified?**
