Dear Dave and Melanie:

**RE: St. Marys Cement Inc. (Canada) - Proposed Caledon Pit/Quarry Class A  
Licence #626600  
OUR FILE 8816AF**

---

Thank you again for your on-going review of the Caledon Pit / Quarry application (Licence No. 626600) and for MNR's letter dated March 24, 2026.

Below please find a Drop Box link to the updated ARA site plans dated May 2026. The site plans revisions are illustrated in **blue text** and include revisions made between the July 2025 ARA site plans and the May 2026 ARA site plans. The **red text** on the ARA site plans includes previous revisions made between August 2023 and July 2025.

Below is a summary of the revisions made to the site plans since July 2025 to assist with MNR's review:

- Site plan changes committed to in MHBC's letter dated December 16, 2025 in response to MNR's letter dated June 26, 2025. Please note, in accordance with MNR's letter of March 24, 2026, there will be further updates to the water note O.7.e) on page 4 of 5 related to the Credit River to address MNR's comments. MHBC anticipates that these updated notes will be provided to MNR in June 2026.
- Updated archaeology notes in accordance with WSP's letter to MNR dated April 17, 2026. These notes address MNR's comments as outlined in MNR's letter of March 24, 2026. As requested by MNR, WSP has sent the April 17, 2026 letter to MCM to confirm their acceptance of the approach to protect the areas that were subject to Stage 3 archaeological investigation.

- Updated technical recommendations based on the following updated technical reports that were provided to MNR on March 19, 2026:
  - Updated Heritage Impact Assessments dated February 26, 2026 for 1055 Charleston Sideroad, 1420 Charleston Sideroad, 18501 Mississauga Road, 18667 Mississauga Road and 18722 Main Street.
  - Updated Best Management Practices Plan for the Control of Fugitive Dust dated February 27, 2026 which included an updated Air Quality Monitoring Plan.
  - Updated Cultural Heritage Report Addendum dated March 19, 2026.
- Changes agreed to as part of the consultation process with Six Nations of the Grand River (SNGR) in accordance with WSP's letter dated May 1, 2026 provided to SNGR.
- Updated wetland boundaries based on current fieldwork.
- Updated Species at Risk habitat based on current fieldwork in consultation with MECP.
- Changes agreed to as part of the peer view process with the Town of Caledon. These changes include revisions to the site plan notes related to:
  - Visual
  - Entrance/exit design
  - Noise
  - Natural heritage
  - Air quality including the addition of the monitoring locations
- Changes to the visual requirements which addressed NEC's comments on the application.
- Other minor housekeeping items.

In addition to the agency sign off letters provided to MNR on March 19, 2026 (DFO, MECP Water, MECP Species at Risk, OMAFA, NEC, CVC, Region of Peel (traffic)), also included in the Drop Box link is the following agency sign offs:

1. Town of Caledon letter dated March 24, 2026 confirming the updated Heritage Impact Assessments and updated Cultural Heritage Report Addendum prepared by WSP addressed the Town's comments.
2. Town of Caledon peer review charts confirming all issues related to Karst have been resolved.

**Drop Box Link:**

**The documents will be available for download until May 26, 2026.**
