Application for Cost-Sharing / Crop Use Agreement

Standing Corn Row Agreement

By signature of this agreement, the owner or the property user having authority over said crop, agrees to leave the specified standing corn rows and shall refrain from harvesting _____ rows of corn adjacent to a Town Road right-of-way until April 15th. After this date, the participant may salvage any remaining crop within the standing row area.

In consideration for this service, the Town of Caledon agrees to make payment based on the specified length of _____ metres at the price of 50% above market value* per metre, providing the specified corn rows, upon inspection, were left standing for the duration of the winter season.

I hereby certify that I have provided services called for in this contract and that the information I have provided is in accordance with the amount as indicated and based on the calculation as shown (based on 12 rows and 30" row separation).

I have read and understand the above statement and fully agree to provide all information and services required on this document.

Approval Signature: _____ Date: _____

**Market value is based on the area price per bushel and expected yield as of September 30th of the current year as published.*

Inspected and Approved for Payment:

It has been agreed the corn crops will remain unharvested until completion of the winter season. Each participating property will be inspected to ensure compliance with the agreement set forth. The Town is prepared to remunerate for this and a cheque in the agreed amount will be forwarded to the signed participant.
